

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

OF THE

ALBANY, N. Y., *January 29, 1900.*

HON. TIMOTHY L. WOODRUFF, *President of the Senate:*

Sir.—We have the honor herewith to transmit our annual report

J. EDGAR LEAYCRAFT,

LESTER F. STEARNS,

State Board of Tax Commissioners.

Revised 5-10-29 M V P.

REPORT.

To the Honorable the Legislature :

In compliance with the statutory requirement report is hereby made :

Four appeals were in 1899 made to this Board from county equalizations. Three of these were settled by stipulation ; one heard and decided. (See Addenda.) Were Article 3, Chapter 820, Laws of 1896, compulsory instead of optional, or were the State table method employed by counties, more equitable equalizations between tax districts would prevail.

One-half the counties of the State were officially visited in 1899, as directed by the law of 1896.

Since formulating the table of State equalization the Board has devoted itself to preparation for assessment of special franchises. In this work it has had the co-operation of Governor Roosevelt and of the State departments. The services of special counsel, Hon. J. Newton Fiero, assigned by the Attorney-General, have been constant and valuable.

For several months past the subject of general taxation has been entrusted to a joint committee of your number. In deference to such condition the Board has herein no suggestions or recommendations to advance.

By the middle of April next special franchise values must be certified to Rochester, Buffalo and New York,— cities containing the bulk of such values. Much preliminary labor remains to be done ; and hearings must be had.

6 REPORT OF THE STATE BOARD OF TAX COMMISSIONERS.

Certain amendments essential to simplification and effectiveness of the special franchise law are being now prepared, under our direction, for action of the Legislature.

Very respectfully,

GEORGE E. PRIEST,

J. EDGAR LEAYCRAFT,

LESTER F. STEARNS,

State Board of Tax Commissioners.

STATE BOARD OF EQUALIZATION.

At a meeting of the State Board of Equalization, held at the office of the Secretary of State, in the City of Albany, on the fifth day of September, 1899.

Present: S. Fred Nixon, Speaker; William J. Morgan, Comptroller; John T. McDonough, Secretary of State; John C. Davies, Attorney-General; John P. Jaeckel, Treasurer; Edward A. Bond, State Engineer and Surveyor; Martin Heermance, Tax Commissioner; George E. Priest, Tax Commissioner; J. Edgar Leaycraft, Tax Commissioner.

Absent: Timothy L. Woodruff, Lieutenant-Governor.

The following report was submitted:

To the State Board of Equalization:

The State Board of Tax Commissioners respectfully submit the following report:

The total assessed value of real and personal property taxable locally for all purposes in the State of New York for the year 1898 shows a net gain over the assessment of 1897 of \$177,785,805. The increase for the two years prior thereto was \$529,898,116, making an aggregate net increase for the three years last passed of \$707,683,921. This, of course, does not include the large increase in the County of New York under the present assessment, which will not be officially reported until December of this year, and will be considered in the State equalization for 1900.

During the present year we have visited officially the counties of Cattaraugus, Chenango, Clinton, Delaware, Dutchess, Essex, Franklin, Fulton, Greene, Hamilton, Kings, Lewis, Livingston,

Monroe, Nassau, New York, Oneida, Otsego, Queens, Rensselaer, Richmond, Rockland, Schenectady, Schoharie, Schuyler, Steuben, Sullivan, Ulster, Warren and Washington.

In all of these counties we have inquired as closely as possible into the methods of assessment; in each instance examining witnesses under oath; and using every means available in procuring evidence upon which to base a table of equalization.

Committees appointed by boards of supervisors have appeared before us and presented arguments both oral and written on behalf of their respective counties.

We submit herewith a digest of the evidence upon which this Board has prepared the following list of percentages and table of equalization based thereon.

All of which is respectfully submitted.

MARTIN HEERMANOE,

J. EDGAR LEAYCRAFT,

GEO. E. PRIEST,

State Board of Tax Commissioners.

*The apparent discrepancy in the ratio of the town of Kirbland is due to the fact that there has been already paid the County Treasurer out of town funds to be applied on State and County taxes the sum of \$1,000, which said sum is deducted from the aggregate taxation as per column 12, before the ratio is struck.

I, Stuart F. Day, Clerk of the Board of Supervisors of the county of Oneida, do hereby certify that the preceding is a true statement of the aggregate valuation of the real and personal estate in the several towns and wards in said county, as corrected by said Board of Supervisors at their annual meeting in the month of December, 1899.
